 - If you provide any feedback or comments to us on the App.

How we use this data: For Enabling the App and its Services; For Loan Processing and KYC Authentication; For Legal Compliance and Requirements.

B. Data We Collect From Usage Of Our Services:

- **Geolocation Data:** We collect the location data from you in two ways: (i) when you add the pin code as part of your mobile app Account data; and (ii) from your mobile device when enabled by you to do so. The location data helps us to provide you with better loan offers, for KYC, reduce risk associated with your loan application and also to prevent any Fraud.
- **User Personal Information:** The app collects user account data which includes email address, name to log in to the app. This information is required as part of the registration process to access our service and it is also used to auto populate relevant fields in the course of the interface of the app. The app also collects mobile numbers for verification to check the active SIM status on the device uniquely identify you and prevent fraud and unauthorized access. We also collect the AAID for advertising and analytics.
- **Financial SMS Data:** We collect all of the SMS data and transmit only financial and promotional SMS data to our server while transmitting only your financial transactional SMS data to us. We monitor only your financial transactional SMS which helps us in identifying your bank accounts, cash flow patterns, names of transacting party, description and amount of the transactions undertaken by you to help us perform credit risk assessment enabling us to determine your risk profile and provide you with the appropriate credit analysis and to prevent fraud thereby helping us to provide you with quicker loan disbursal. This data may be collected even when the app is not in use. No personal SMS data is stored by us on the server. You will not be able to use the App if you disable this access.
- **Device Data:** The app collects and monitors specific information about your device including your hardware model, RAM, storage; unique device identifiers like IMEI, serial number, SSAID, SIM information that includes network operator, roaming state, MNC and MCC codes, WIFI information that includes MAC address and mobile network information to uniquely identify devices and to prevent fraud. This also helps in enriching your credit profile and providing you with the best loan offers according to your profile.
How we use this data: For Enabling the App and its Services; For Enabling Customer Support; For Research and Development; For Enabling Communications Between You and Us; For enabling Marketing and Outreach
- **App Data:** We and on our behalf our LSP - Allcloud Enterprise collect the data about your installed applications, including the applications and package name, installed and updated time, version name and version code for all applications installed on your device on and from the date you create your mobile app Account and the manner in which you use them. This also includes having access and permission to send you messages and notifications via your social media and instant messaging applications. We use this to assess your credit worthiness and provide you with pre-approved customized loan offers. You will not be able to use the App if you disable this access.
- **Microphone:** We require microphone permission to initiate two-way audio communication as a part of KYC journey. This may be stored for future verification purposes.
- **Usage data:** We and our behalf our LSP – Allcloud enterprise collects data about how you interact with their Services. This includes data such as interaction patterns, access dates and times, App features or pages viewed, App crashes and other system activity, type of browser, and third-party sites or services used before or in the course of interacting with the Services.
- **Transaction information:** Transaction information is collected related to the use of our Services, including the type of services requested, date and time the service was provided, loan availed, interest payable, EMI selected, and payment method.

- **Storage:** This permission is required so that users' documents can be securely downloaded and saved on users' phones and upload the right documents for a faster approval and disbursal of the loan. This helps provide a very smooth and seamless experience while using the app.

C. Information Received From Other Sources:

We may also be working closely with third parties (including, for example, credit information bureaus, business partners, technical sub-contractors, analytics providers, Lending service providers) and may lawfully receive information about you from such sources.
